Halsbury Homes (Pegasus Group)

Thank you for advising on the Consultation on the Waveney Local Plan: Modifications which commenced on Monday 3rd December 2018 and runs until 28th January 2019.

You will be aware that the Consultation also includes other changes identified as 'Additional Modifications' including changes to the Policies Map where these pick up proposed modifications submitted to the Inspector during the Local Plan examination process.

Our client wishes to express his support for the proposed change to the policies map for Bungay, listed as PM 8 in the 'Schedule of Policies Map Changes' December 2018 which removes the open space designation for Land off Wingfield Street. This proposed modification was put to the Inspector in the Council's Hearing Statement on Matter 11 at p.16.

I would be most grateful if you could please confirm receipt of this representation and advise on the next stages of the local plan preparation once the Modifications consultation period has ended.
